

PRODUCT SPECIFICATION - APPLICATION & USE

PRODUCT NAME: **CHEMAIDE CARPET SHAMPOO**

GENERAL DESCRIPTION: Clear colourless liquid.

USE FOR WHICH PRODUCT IS INTENDED: Cleaning soiled carpet.

SPECIAL EQUIPMENT REQUIRED: Rotary scrubbing machine or an extraction cleaning machine.

METHOD AND CONDITIONS OF USE.

1. Ensure good ventilation in area to be cleaned.
2. Remove items of furniture and loose debris and vacuum thoroughly.
3. Place "WORK IN PROGRESS" signs.
4. Wear protective clothing.
5. Dilute concentrate using 1 part concentrate to 20 parts water.
6. Fill the machine tank as well as a trigger spray with the solution.
7. Check that the carpet is securely fixed and test a small inconspicuous area for colour fastness using the trigger spray.
8. Any spots and stains can be pre-treated by using the trigger spray and agitating with a stiff brush.
9. Treat any difficult to reach areas with the trigger spray.
10. Start cleaning at the furthest point from the exit and work in areas approximately 1 meter square, overlapping passes with the machine.
11. Clean entire carpet in the above manner and allow to dry thoroughly.
12. Vacuum the entire carpet thoroughly and replace furniture.

METHOD OF CONTROL. Dilution can be varied dependent upon degree of soiling of carpet.
