

PRODUCT SPECIFICATION - APPLICATION & USE

PRODUCT NAME: **POWERCLENS**

GENERAL DESCRIPTION: Pale yellow viscous detergent with a mild citrus aroma.

USE FOR WHICH PRODUCT IS INTENDED: Gentle all purpose cleaner with soil suspension agents that lift dirt to surface eliminating the need to rinse.

SPECIAL EQUIPMENT REQUIRED: May be applied by sprayer.

METHOD AND CONDITIONS OF USE:

SPRAY METHOD: Dilute 4 to 8 ounces per gallon of water (100-200 ml per 5 litres). Spray through special sprayer, directing spray nozzle towards the floor. Allow solution to stay on floor for several minutes, then pick up remainder of solution with damp mop.

MOPPING METHOD: Dilute 4 to 8 ounces per gallon of water (100-200 ml per 5 litres). Mop floor thoroughly.

METHOD OF CONTROL: Dilute as required.
