

## Glass Cleaner

### Powerful and Efficient Glass Cleaner

Glass cleaning can be very time consuming and the results sometimes are not always perfect. Chemaide Glass Cleaner is a member of our Specialist Industrial product family and contains a highly efficient wetting agent, designed to dry fast with a smear free finish every time.

Containing a dirt and grease solvent which also promotes rapid drying, Glass Cleaner also contains ammonia to give improved cleaning properties.

Easy to use and requiring no dilution, Glass Cleaner, leaves low residues ensuring a smear free finish. Safe to use, Glass Cleaner will not affect painted surfaces.

Save time and money, Glass Cleaner gets the perfect result every time.

- Powerful cleaner, drying to a smear free finish.
- Easy to use requiring no dilution.
- Safe to use and will not affect painted surfaces.
