

## Low Foam Cleaner

### High Quality Cleaner With Low Foaming Properties

Low Foam Cleaner is part of our floor care range and has been designed with particular emphasis on floor scrubbing machine use.

Our special high quality blend ensures low foaming with the ability to remove grease and dirt whilst saving valuable time in mopping up messy suds.

Ideal for use on most hard surfaces including, concrete, linoleum, tiles and terrazzo, Low Foam Cleaner will emulsify dirt giving a clean finish and if required can be used as an effective spot cleaner saving costly labour time.

- High quality blend ensures good clean every time.
- Low foam properties reduce mopping up time.
- Can be used on a variety of hard surfaces.
