

Shimmer

All in One Liquid Cleaner and Polish for Use on Wood, Metal and Synthetic Surfaces

Shimmer is a member of our Specialist Industrial product family. When speed is the essence coupled with a superior finish then Shimmer is the answer. Developed to clean and polish Shimmer will remove dust, light soiling and finger prints quickly and efficiently leaving the surface with an excellent all over shine.

Dispensed from a handy non aerosol container Shimmer gives off no irritant fumes or spray which can be vitally important in some environments such as nursing and residential homes.

Economical in use Shimmer requires only a light application for a superb finish on wood, metal, and synthetic surfaces leaving a pleasant oak fragrance.

- Has good cleaning action combined with an excellent shine?
- Non aerosol Shimmer gives off no irritant fumes or spray.
- Versatile, suitable for wood, metal and synthetic surfaces.
